Christian Story: His Story is Our Story

Sundays, 12:00-1:30pm

OVERVIEW

We believe that the Bible is the true story of God and the redemption of everything He made. Yet oftentimes when we read the Bible it can seem like a series of disconnected stories that leave us feeling confused.

Through these four Christian Story workshops we will learn how the Bible, even with all its seemingly disconnected parts, is one unified story that points to Jesus.

Our hope and prayer for you is not to see how God fits into your story, but how you fit into His story and His plan to redeem you through the person and work of Jesus Christ. Through Christ Jesus, His story becomes our story.

Come and see how God's grand narrative is an invitation into this reality.
